 GREENLEAF'S CRUISE ON REAL PROP-RTY, 3 vols., royal 8vo.; vol. I. now ready.— ruise's Digest of the Law of Real Property, Rewised and considerably enlarged, by Henry Hopley White, esq. Forther Revised and Abridged, with Additions and Notes for the Use of American Students. By Simeon Greenleaf, LL. D.

"No work which has appeared for a long time will be more valuable to students or to the profession generally."—Law Reporter.

"Mr. Greenleaf's part in the work is not me

well, it is admirably, done. His notes are full of learning, carefully considered, and of most com-mendable brevity. He has had no ambition to mag-nify his office. He has not encumbered his pages with a showy display of cheap learning, nor imposed upon the profession the necessity of purchasing a mass of speculative discussion, of no practical utility.

The whole work, edited throughout as the first two volumes have been, will be one of the most valuable gifts ever bestowed upon the legal profession, and will add essentially to Mr. Greenleaf walready extended reputation. Next. Greenleaf's already extended reputation."-Nerth

2. ANGELL ON COMMON CARRIERS .- One vol. Svo. A Treatise on the Law of Carriers of Goods and Passengers by Land and Water. By Joseph K. Angell.
"His work will be valuable to every practising

lawyer in the country, and ought to have a place in every library. We are happy to learn that it has been thus far well received, and we have no doubt that experience will windicate the correctness of these first impressions."—Law Reporter.

"It is a monument of industry, learning and research, which will prove of great utility in the
practice of law and in the business of life, and, we
think, cannot fail to add to the well-carnot fame
which Mr. Angeil has already acquired as a lawyer and writer on many important and interesting
subjects connected with his profession."

[Providence Daily Journal.]

" The treatise of Mr. Curtis is thoroughly American, and it is practical. It is valuable, not only to gentlemen of the law, but to the originators and

proprietors of useful inventions generally. It systematically prepared, and can be consulted wir readiness by those not familiar with law books." [Law Reporter. 4. which, on the basis of this preparation, have
long been celebrated in Consumption and Scrofula,
Discases of the skin, Coughs, Colds, Spitting of
Blood, Asthma, &c. Though this remedy has been
but a short time before the public, yet it has gained
perhaps more character and reputation as a curative in those discases than any remedy of the day.
The Bishop of the Protestant Episcopal church,
(the Right Rev. W. R. Whittingham.) authorized
us to say he has used it in his own person with decided benefit—Dr. S. Harper, of Kent Island, has
written to us, he has used it with great success in
his practice [see his letter in the pamphlet.] And visiter to us, he has used it with great success it is practice [see his letter in the pamphlet.] And n a letter from a lady on the Eastern Shore of this state, she says: "I had a letter from Miss E. in Tuesday; she says mother has requested her to av. lashed derived almost instantaneous relief from av. lashed derived almost instantaneous relief from

There never was an article in this country that has afforded relief and gave more satisfaction than this. In the neighborhood of Brownsville, in this county, it has effected several important cures, and, from our own certain knowledge of it, we pronounce it unequalited for the cure of Coughs, Colds, and diseases of this kind."

A Sasociation of sixty-three members of Congress, Senators and Representatives, have constituted the undersigned a committee to superintend the establishment of a Southern Press at Washington city, to be devoted to the exposition and defence of southern rights and institutions, the dissemination of correct information as to northern policy, and the course of political affairs generally, without reference to the old party lines of Whig and Democrat. Arrangements are now in progress promptly to insure the issue of such a paper, under the title of "The Southern Press,"

Great care will be taken to give full and correct reports of the proceedings and debates in both houses of Congress, as well as the action of the

local legislatures on the southern question.

A limited number only of advertisements will be received, the main object being to furnish a large amount of reading matter.

The paper will be printed on a sheet equal in size to those of the other Washington papers, and the material will be procured especially for the purpose.

TO PRINTERS—A RARE CHANCE.

THE SUBSCRIBER, wishing to engage in other business, offers for sale the Sultivan County Whig printing establishment at a very low price. The Whig has been published six years, and already has a circulation of nearly eight hundred paying subscribers. Its advertising patronage is better than that of most country papers, and the office has a liberal run of job printing. The press is a Washington No. 4 Imperial, of Taylor's manufacture, and is nearly new. The type and other material are as good as can be found in a majority of country offices, and all that is required for the business. The county is bordered by the New York and Eric railroad on one side, and is one of the most growing and prosperous of the southern tier. It has now a population of nearly 30,000, being an increase of one-third in the last ten years. For the past five years the official patronage has been in the hands of the Whigs, and the prospect is fair of its continuing so to be. Only one other paper (Lucofoco) is published in the country, and that is located lifteen miles farther west. To a practical printer, or any person possessing the means, this offer affords a rare opportunity for investment, as the public patronage is rapidly increasing, and the prospect of making money never better than now.

As it is the wish of the undersigned to make immediate sale, those desiring to purchase would do well to communicate with him on the subject with-TO PRINTERS A RARE CHANCE. mediate sale, those desiring to purchase would de well to communicate with him on the subject with out delay; and any further information that may e desired will be readily given.
